

## **The Ministry of the Good Shepherd**

P.O. Box 837  
Boca Raton, FL. 33429-0837

August 2008

### **Dear friends of the Ministry - S O S !**

We trust you are having a safe and wonderful summer. We know things are challenging for all of us. These times of rising costs make us have to think carefully about all our plans.

But we've come to know that hard times fall even harder on the poor -especially on women and their children. Our Sister Immaculata lives close to their struggles - she hears their cries. Ministry of the Good Shepherd exists to hear her calls for help.

Valuable programs - in education, nutrition, housing, medical care, services for the disabled - these programs are threatened as our dollars buy less and less and the costs for fuel, rice, flour, building materials, tuitions - are more and more.

Members of the Ministry travel regularly to Peru (at their own expense). We see these programs first hand; we assure that your money is being used responsibly; we listen to the needs AND the gratitude of the people.

Members of the Board have given their own funds and some of you have faithfully supported this work with very generous donations. May God bless you!

**Children's Library**

**Day Care Center**

We send this SOS hoping to move even more hearts to donate what you are able -and perhaps, a little bit more.

We believe that this is an investment you would never regret -feeding and housing families, providing funds for schooling at all levels, giving new opportunities to adults for decent jobs. You help bring hope and dignity and choices to these dear sisters and brothers in the family of "Our Father."

We thank you for caring,

**Marjorie O'Sullivan**  
**President**
